I can only think of one significant reason why the default rate for students’ housing accounts have decreased over the past two years – the Student Money Management Center. — Assistant Director of Housing

Our default aversion plan is definitely a team effort! Thank you and your SMMC team for doing an excellent job with educating our students about the importance of borrowing and repaying loans. You and your team have contributed to the positive impact that has resulted in a 2.4% decrease in the university’s FY 2012 3-Year Cohort Default Rate when compared to 2011 default rate. — Executive Director Student Financial Aid and Scholarships

We are so grateful for your service to us though sharing your time and talents. Your subject matter is one of the most engaging and informative classes that we offer. Additionally, your passion, mastery of the content, and knowledge of the overall landscape, is a significant value add to the experience for everyone. — Faculty Member
