

Script for Nix

Hey guys! This is Mary Zuidema, and I'm going to tell you a little bit about the John L. Nix Center. The Nix Center is the second academic building on what we call "academic row" and it is home to our fine arts program. Specifically, band, orchestra, and chorus are going to be held in Nix. There are tons of different music classes within those categories, and the classes are all different sizes depending on what you take. My fiancé actually took guitar his freshman year, and it ended up being a one-on-one class with just him and his teacher, and he really enjoyed it. If you take music appreciation like I did, there's a good chance you might have it in Nix, but it would most likely be held in the Gloria Shott Performance Hall. The Gloria Shott Performance Hall is located on the second floor of the Nix Center, and it is used for performances for smaller groups and individuals. I've actually been to several Patriot Choir concerts in Gloria Shott, and I always see posters up for senior recitals being held in there as well. I hope you guys have enjoyed learning more about the John L. Nix Center and enjoy the rest of your tour! Go Nighthawks!
