

Newton Oakes

This is Newton Oakes, where our College of Business is held, as well as our Math department. You can also find various professors offices within this building. This building is located in between Memorial Hall and is connected to Dunlap Hall. I am a Marketing major, so I have spent a generous amount of time taking classes within this building. As a freshman, you will more than likely find yourself taking a class within this building, as our math classes are also held here. My freshman year, I took classes like Elementary Statistics and Legal Environment of Business in this building and loved them!
