

HOAG STUDENT CENTER

Hey guys, my name is John Hovell and I am going to talk to you about the Hoag Student Center. In the Hoag Student Center, there are a lot of resources and places to relax.

- • On the first floor, we have card services and Einstein Bagels. If you need to replace your lost student ID or grab a bagel and coffee before class, the first floor is where you'll go.
- • On the second floor, we have our Hoag Food Court, consisting of Provisions On Demand, or POD, Misos and Twisted Taco. My personal favorite from Twisted Taco is the chicken finger sandwich.
- • Also on the second floor is our Post Office. Once you become a student, you can sign up for a mailbox so you can receive letters, family care-packages or that new item you ordered off amazon.
- • On the third floor, we have our computers and the Hoag Great Room. These are my favorite places on campus to get some work done or relax and play pool with friends.
- • Along with these common areas are three offices: Fraternity and Sorority Life, Multicultural Student Affairs and Student Involvement. All of these offices do a remarkable job of getting students to try new things.
- • With over 300 clubs at UNG, the Office of Student Involvement has a lot to offer! Not interested in any of the clubs? You could start your own! Just find some friends with the same interest, a faculty advisor, get SGA approval, and you've got yourself a club!

Those are the highlights of the Hoag Student Center. Thanks for listening and Go Nighthawks!
