

Student Resource Center

At the Student Resource Center (SRC), we have the café area and a coffee shop where you can get great coffee to get your day going great! Our library is also found in the SRC. Our library offers great resources to students including services that are customized and personalized which is the great advantage of a small campus like ours! Through our library's research database, GALILEO, you also get endless access to materials, books and online resources. One of my favorite places in the SRC is the Oconee Learning and Tutoring Center, where you can get help in classes that you may find challenging such as in Chemistry, Math, Accounting and Writing. For instance, when I was in Nigeria, I did not get the necessary foundation that I needed in math and science, so I was very scared of taking math classes in college. But I went to the tutoring center, they walked me through navigating my challenge in math and I went from being terrified of math to making an A in my math class. UNG Oconee campus is an amazing community environment to start off your college journey! Thank you so much for joining on our tour today! We wish you good luck and success on your academic journey.
