

STUDENT MANDATORY FEES FACT SHEET

ACTIVITY FEE

The student activity fee is used to fund various organizations that serve and benefit students, such as the Student Government Association, Student Activity Board and Commuter Council. The funds also provide for activities, such as concerts and seasonal events, which are available to all UNG students.
(Prorated at 1-4 and 5-6 credit hours)

ATHLETICS FEE

The athletics fee is used to support the NCAA athletics programs at UNG. Students assessed the athletics fee have full access to sporting events throughout the regular athletic seasons.
(Prorated at 1-4 and 5-6 credit hours)

HEALTH SERVICES FEE

The health services fee covers basic health care services, prevention and self-help skills education, many over-the-counter medications, first-aid supplies, and prescription medications. Student Health Services are located on the Dahlonega Campus on the lower level of the Chestatee Building, and on the Gainesville Campus in the new Health Services Building. The health services fee is not mandatory on the Cumming, Oconee, or Blue Ridge campuses, but students may pay the fee and take advantage of the services offered on the Dahlonega or Gainesville Campuses.

INSTITUTIONAL FEE

The special institution fee, established in 2009 and required system-wide by the Board of Regents, supports continued academic excellence during times of reductions in State funding.
(Prorated at 1-4 credit hours)

REC CENTER FEE

The Rec Center fee was implemented to cover the cost of construction and furnishing of the Student Recreation Center on the Dahlonega Campus. Students enrolled on the Gainesville, Cumming, Oconee, and Blue Ridge campuses are not required to pay the Rec Center fee, but may pay the fee and take advantage of the facilities and services of the Rec Center.

TRANSPORTATION FEE

The transportation fee is used to cover costs associated with the construction of student parking decks, construction and upkeep of surface parking lots, sidewalks and other access-related expenses across all campuses.

TECHNOLOGY FEE

The technology fee supports technology infrastructure and services related to academic and instructional needs of students. This includes the equipping of access to software, computer labs, network and internet access, and instructional technology.
(Prorated at 1-4 and 5-6 credit hours)
