

THE JEANNE CLERY CAMPUS SAFETY ACT RESOURCE GUIDE

WHO IS A CSA?

A Campus Security Authority (CSA) is an individual, who by virtue of their university responsibilities and under the Clery Act, is designated to receive and report criminal incidents to the University so that they may be included and published in the university's [Annual Security Report](#). If you have one of the functions listed below, you are a CSA.

- A member of the campus police or security department
- Responsible for campus security, but not a campus police officer
- An individual designated by the institution as someone to whom crimes should be reported
- Someone with significant responsibility for student and campus activities, including but not limited to, student housing, student discipline and campus judicial proceedings **Examples:** Athletic Directors, Athletic Coaches, Faculty advisors to student organizations, Resident Assistants, Office of Fraternity and Sorority Life.

The Clery Act requires colleges and universities to report campus crime data, support victims of violence, and publicly outline the policies and procedures they have put into place to improve campus safety.

If you are unsure if a crime falls under one of these categories, report anyway!

Share exactly the information you receive from the reporting party. Detailed information will help the University classify and respond to the incident. This information can include, but is not limited to, the following:

- Name of all parties involved in the incident along with names of witnesses of the incident
- Location the incident occurred, not where the incident was reported to you
- Date and time the incident occurred, if available, if not just report this information is unknown
- Description of the incident

Remember, CSAs are not responsible for investigating a crime, but simply reporting the crime to the correct authorities.

Report incidents as quickly as possible allowing the University the opportunity to review whether or not an emergency alert or timely warning should be issued.

WHAT HAPPENS AFTER I REPORT?

Support & Resources | When a student or employee reports they have been the victim of a sexual assault, dating violence, domestic violence, or stalking, UNG will provide victims with additional written information about all options including how to obtain supportive measures and pursue formal disciplinary and or criminal investigations. Supportive measures and access to disciplinary proceedings will be provided whether or not the victim decides to report to law enforcement. Supportive measures will be maintained as confidential to the extent possible and are independent of any law enforcement or disciplinary investigation.

UNG's Title IX Coordinator will assist in obtaining:

- Counseling
- Advocacy
- Housing Assistance
- Academic Support
- Disability Services
- Health/Mental Health
- Changes To: Academic, Living, Transportation, & Working Situations

Timely Warning and Emergency Notifications | UNG issues timely warnings to alert the campus community of crimes considered by the University to represent an ongoing threat to students and/or employees. Timely warnings are issued by UNG Police with determination made by department personnel that receive the report of the incident. Timely warnings provide the campus community with knowledge that may prevent them from becoming victims of future incidents of the reported crime. UNG Police also issue emergency notifications for incidents that pose an immediate threat to the health or safety of campus communities. Emergency notifications may be specific to individual campuses. UNG Police evaluate reports from CSAs to determine whether a warning must be disseminated.
