Criminal Justice Internship
University of North Georgia

The policy of the Criminal Justice Program at the University of North Georgia is not to graduate a student without some supervised practical experience in the Criminal Justice system. For this reason, I am requesting your help in placing our students in practical learning situations by participating in our internship program.

The internship is primarily a learning experience for the student. There are no specific duty requirements of the student. Each student and his/her interning agency are free to negotiate a work plan best suited for both. There are some restrictions however. The students should not be placed in any hazardous situations or situations where they would be forced to make decisions for which they are not qualified. The internship carries with it 12 credit hours. To earn these hours, the student must work a minimum of 320 hours for the agency. These hours must be completed in one semester (15 week period). As part of the internship, the agency is asked to fill out an evaluation of the intern's performance upon completion of the required hours of service.

We feel that the internship is a vital element of a Criminal Justice Major's formal education. These students expect to go on to careers in criminal justice and it is in the interests of both the University and local agencies to create the conditions which will enable a student to gain both theoretical and practical learning experiences. I hope you will be willing to aid our Criminal Justice program by accepting our interns.

Enclosed you will find an Internship Learning Agreement Form. Please fill out the form and return to me or the student as soon as possible. Students will not be allowed to begin work until I have received a signed form. Evaluation forms will be forwarded to you later.

If you have any suggestions which you would like to make regarding our internship program, please feel free to communicate with me at your convenience.

Sincerely,

Brent Paterline
