

Steps to Apply for University Admissions

- Apply for admission to the University of North Georgia using GA Futures. Both Georgia and out-of-state residents create an account with GA Futures to apply. If you cannot apply online, download a paper application, and submit it to the Office of Undergraduate Admissions. All applicants, online and on paper, will pay a non-refundable application fee.
- On the admission application, you will need to select **General Studies – BSN** for your intended major.
- Submit your official transcripts. You will need to submit an official transcript from each institution you have attended. We must receive the transcripts through e-script, Parchment, National Student Clearinghouse, or another secure transcript delivery service directly from the institutions: choose Admissions Imaging Center or use admissions-gvl@ung.edu as the intended recipient. Your institution can also mail your transcript directly to UNG at
