"My time in Korea is one I will never forget. I met people from all over the world, some of whom I still talk to almost every day, even a year later. Studying abroad taught me a lot about myself and the country I was in. The experience made me more confident in myself and my future plans."

“Going to our sister school of Nanzan University in Nagoya was one of the most fun experiences I’ve ever had! I got to stay with a host family and really experience the culture in daily life there. Nanzan had a lot of really interesting cultural classes for you to take and the class gives so many field trips to go and really experience Japan for yourself. If anyone has any interest in Japanese culture or language I would strongly recommend it. My Japanese language proficiency skyrocketed being there for the summer!”
