Signature: \_\_\_\_\_

Date: \_\_\_\_\_

General Notes:

- Students may enroll in any section course listed in catalog description and have it count automatically towards the minor in this part of the check sheet.
  - However, only one course can be at the 2000 level; three of the courses **MUST** be at the 3000 or 4000 level in order to complete the minor.

- A student may upgrade a course to count as part of the Gender Studies minor contingent on several things.
  - First, the course must be at least 33% gender-related
  - Second, the student's major project for the course must be gender-related
  - Third, the professor of record must agree to the upgrade
- In order to upgrade a course:
  - First, the student must meet with the GS adviser to fill out the upgrade form. The form is located on the Gender Studies team site.
  - The student will obtain the professor of record's signature and return the form to the GS adviser.
