The University of North Georgia, a regional multi-campus institution and premier senior military college, provides a culture of academic excellence in a student-focused environment that includes quality education, service, inquiry and creativity. This is accomplished through broad access to comprehensive academic and co-curricular programs that develop students into leaders for a diverse and global society. The University of North Georgia is a University System of Georgia leadership institution and is The Military College of Georgia.
Upon graduation, you will be prepared for continued education at the graduate level, or for contributing to the common defense of the United States of America:

2. Public service in the intelligence community, such as CIA, DIA or NSA.
3. Policy centers and think tanks such as Center for New American Strategy, Center for Strategic and International Studies, Hoover Institute, or the Institute for Defense Analysis.
4. Private sector jobs in defense industries such as Northrup Grumman, Lockheed-Martin, or multinational corporations doing cyber-security or performing risk assessments.

Concentrations
- Cyber Security
- History
- International Affairs
- Language
- Military Science

Co-curricular opportunities
offered to build your résumé and make you highly competitive:
- International Internships
- Study Abroad
- Federal Service Scholarships
- International Security-Related Conferences

Program Mission
To use the liberal arts to educate and prepare the next generation of Army and civilian leaders in understanding and navigating America’s future strategic challenges.

Career Paths
If your goal is to become an Army officer, join a multinational corporation with a focus on geopolitical risk analysis, or gain employment in a national security-related career, this program is for you!

It will give you the knowledge, experience and résumé you need to stand out among your peers. It will provide you with a foundation for strategic thinking and problem-solving: competencies that are absolutely indispensable to solving highly complex security and strategic issues.

Required Courses
- Language up to LANG 2002
- Study Abroad
