UNG First-Year students consistently performed 4-8% better than their institutional peers in collaborative learning among students.

- 66% plan to participate in an internship or field experience
- 36% plan to engage in a culminating senior experience
- 39% plan to study abroad

At least 75% rated faculty teaching strategies as "very effective" and conducive to overall academic success.

OVER 50%

Over 50% characterized the quality of interactions with students, faculty, and support staff as "very good" or "excellent."

STUDENT-FACULTY INTERACTION

In all four categories of student-faculty interaction, UNG was rated as better-performing than its institutional peers:

- Talked about career plans
- Worked on a committee
- Discussed course topics outside of class
- Discussed academic performance

64% FELT UNG “QUITE A BIT” OR “VERY MUCH” EMPHASIZED SOCIAL INVOLVEMENT AND PROVIDE AMPLE OPPORTUNITIES FOR ENGAGEMENT

PRIMED FOR GRADUATION!
UNG SENIORS AND HIGH IMPACT PRACTICES
