🏛 [Dahlonge](#)

Location

- UNG is conveniently located 1 hour by car from downtown Atlanta, the US Southeast's largest metropolitan area.
- Host of the 1996 Summer Olympics and home to the MLB Atlanta Braves, Coca-Cola's Headquarters and the busiest airport on the planet, our location means students have easy access to travel when necessary, but will never get bored locally with the diverse options available in the city.

UNG's 5 Campuses

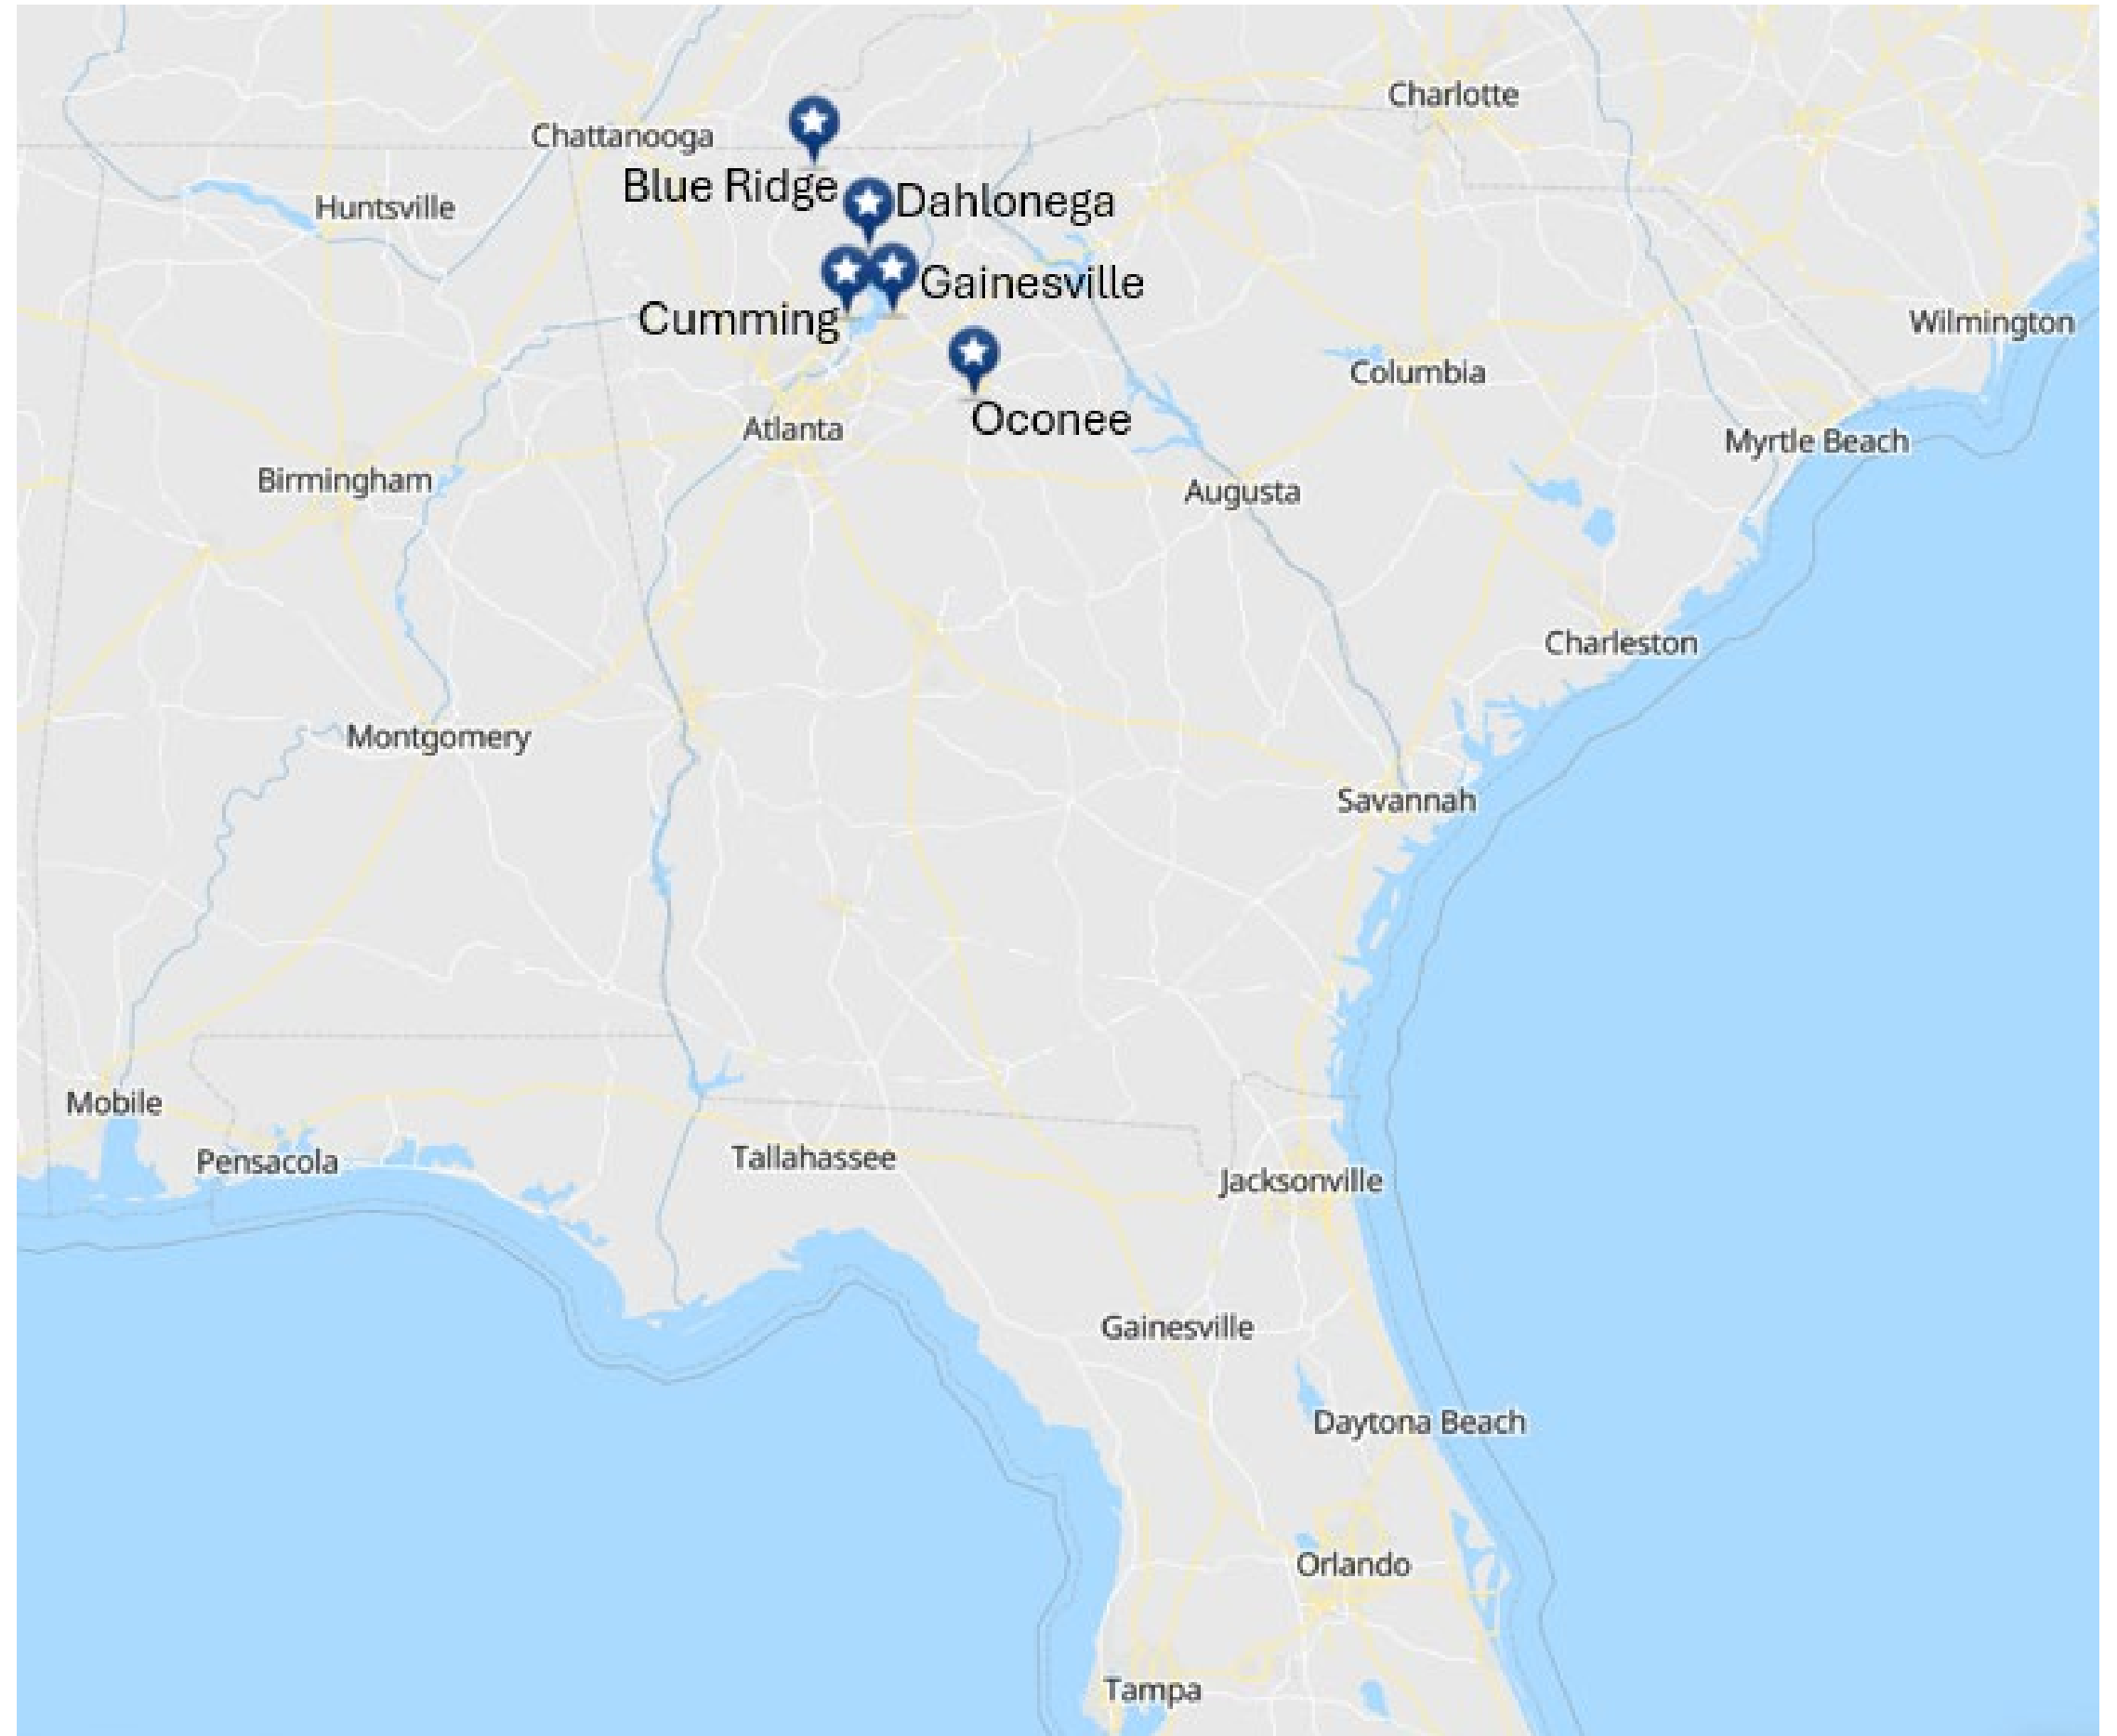

4 Commuter Campuses:

- Blue Ridge
- Cumming
- Oconee
- Gainesville

1 Residential Campus with student housing:

- Dahlonega

Our focus for recruitment is the **Dahlonega Campus.**

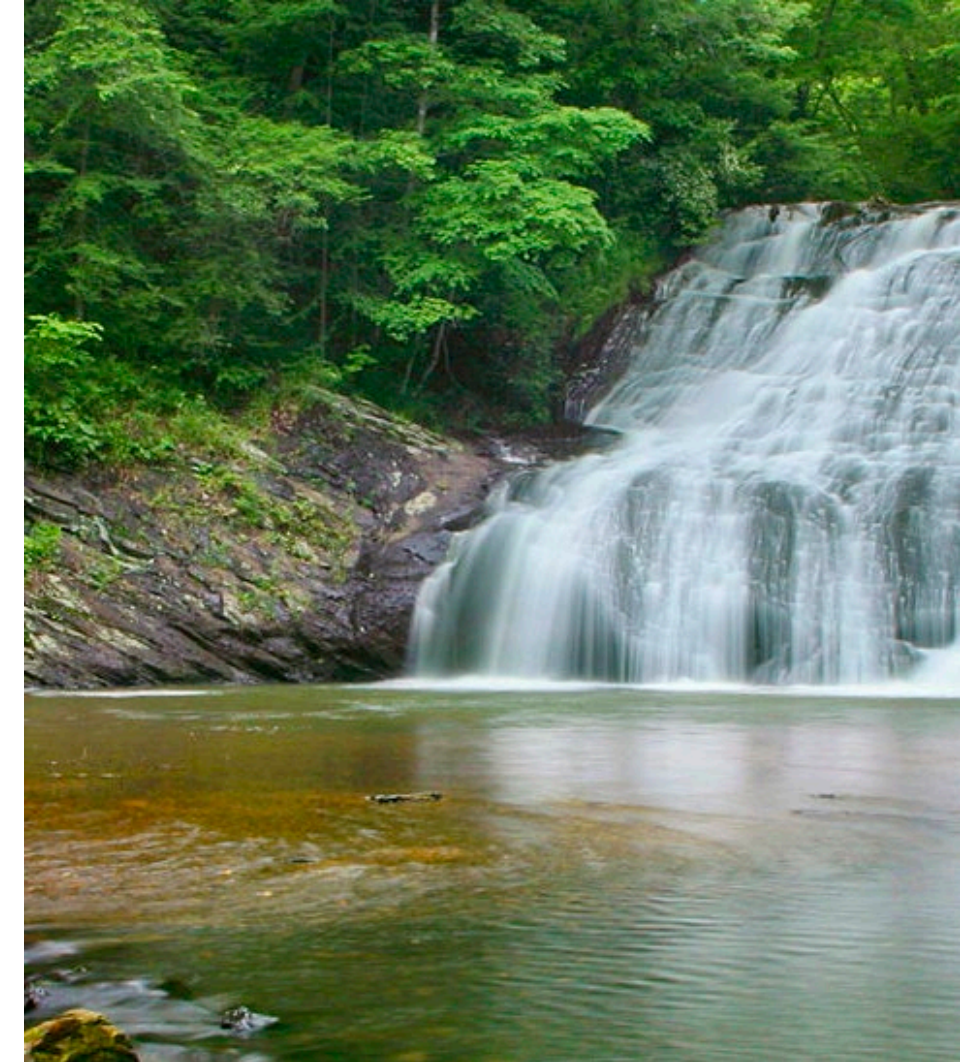

DAHLONEGA

7,300+ students from over 45 countries

Ranked #4 Safest Campus in the USA

Global Learning Community Residence Hall

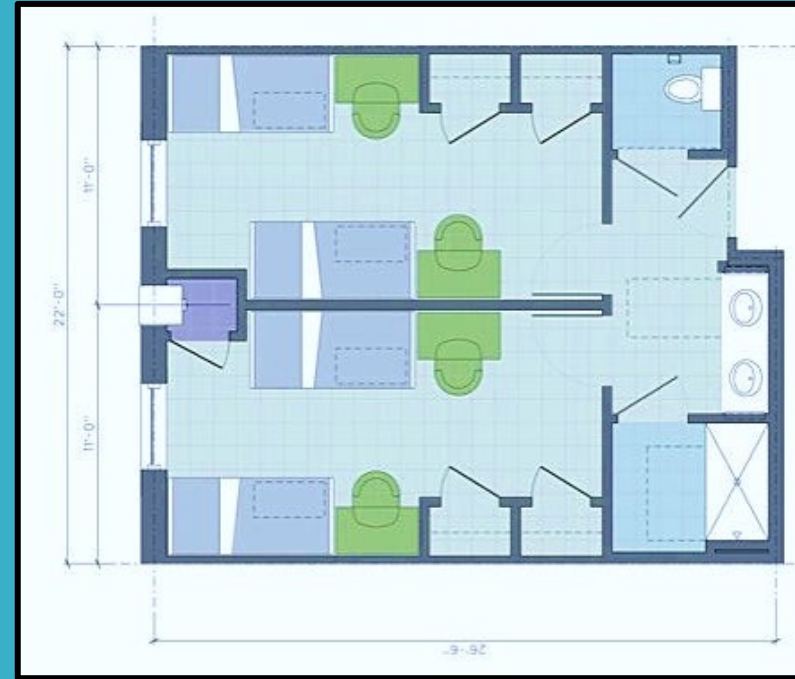

UNG's Dahlonega campus is in the quaint, historic town of Dahlonega, which embodies small town American living. Nestled in the foothills of the Appalachian mountains, you'll find natural beauty around every bend and an endless array of outdoor activities.

North Georgia Climate

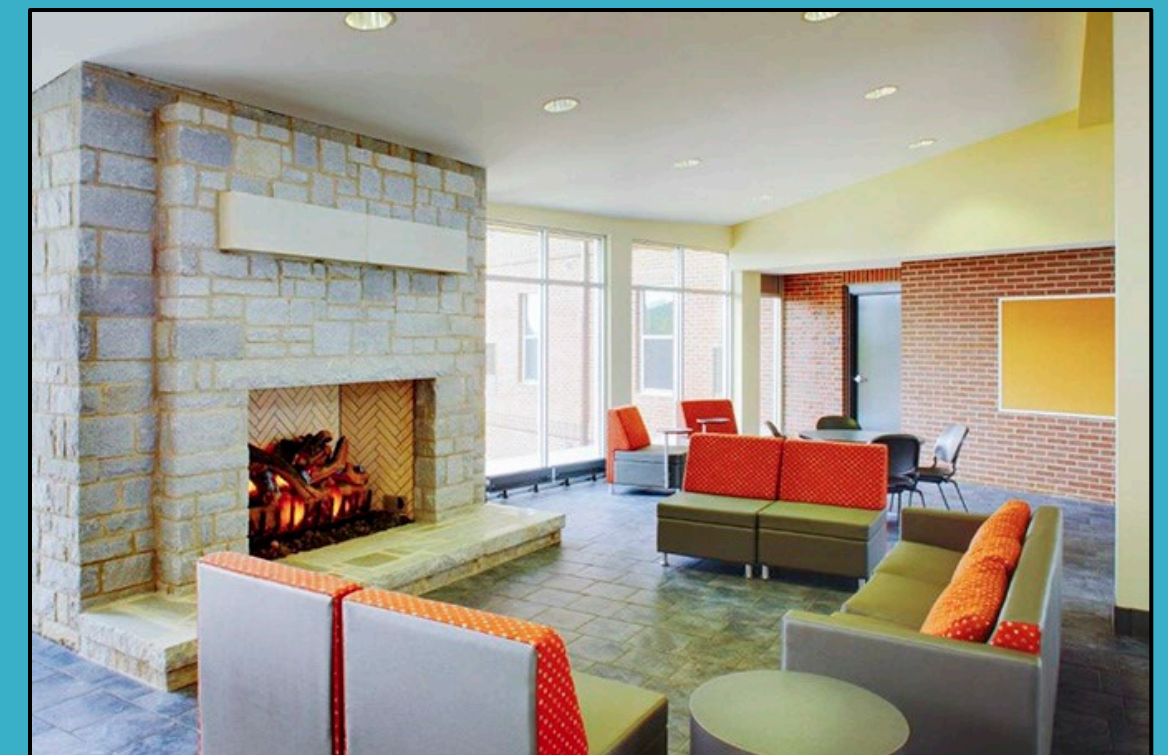

LIVING ON CAMPUS

Global Learning Community

Live alongside other international students in the North Georgia Suites to academically enhance each other and learn unique cultural perspectives.

Attend special campus events and join field excursions to local sightseeing spots together.

AACSB
ACCREDITED

Cybersecurity & Computer Science (B.S.)

Computing
Accreditation
Commission

The Computer Science Bachelor's Degree
is also accredited by the Accreditation
Board for Engineering and Technology

Cybersecurity

- UNG is designated as a National Center for Academic Excellence in Cyber Defense by the Department of Homeland Security and the National Security
- As a state military institution, UNG's Cyber Institute has recruited most faculty from US government NSA. Many domestic students go on to intern or start careers with FBI/CIA. International students are placed in corporate internships in the Atlanta area. A lot of Fortune 500 companies recruit our students.
- 2019 National Champions of the NSA Codebreakers Challenge

Computer Science

- Concentration in Information Assurance and Security (IAS) option.

Psychology (B.S.)

- Small classes, individual attention.
- Research driven program and is required to graduate, even as an undergraduate degree. Students are paired with a professor doing research and assist.
- A minor is required for psychology majors. Popular minors include biology, sociology, and human services and administration.
- Typically, students graduate having published in a psychology journal.
- Eligible for STEM OPT 2-year Extension after graduation

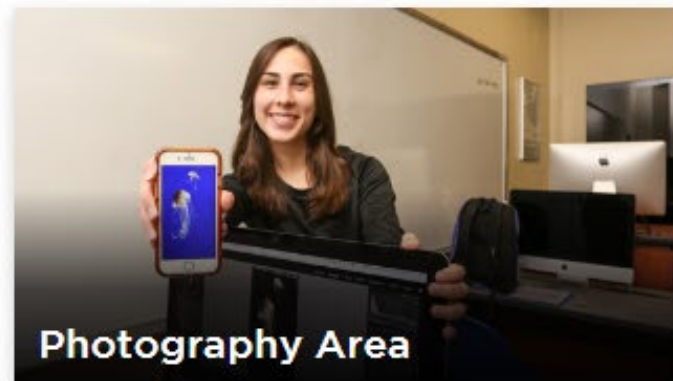

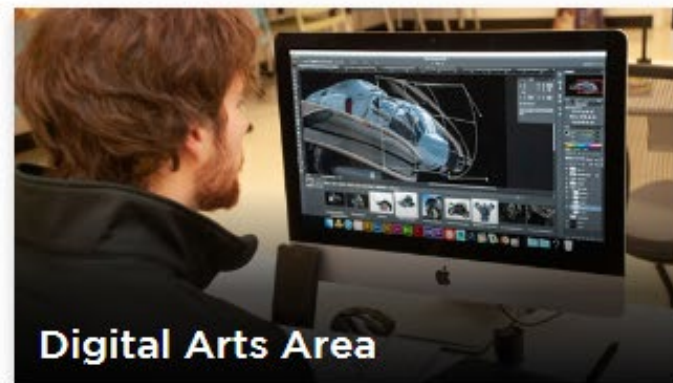

Where Our Students Found Jobs

- The Federal Bureau of Investigation
- Health Care settings as Registered Behavior Technicians
- Department of Community Supervision Officers
- Law enforcement agencies
- NASA

Visual Arts (B.F.A.)

Concentrations in the Visual Arts degree include the areas below:

Quick Facts

- Graduates from Digital Arts concentration have started careers in film special effects for companies like Disney & Marvel
- UNG has the first MakerBot Innovation Center in Georgia where students and faculty have free access to 3D printers
- All students in the Bachelor of Fine Arts in Visual Arts conclude their program by presenting individual senior capstone exhibitions

BACHELOR OF SCIENCE IN NURSING (B.S.N)
