## University of North Georgia Mission

The University of North Georgia, a regional multi-campus institution and premier senior military college, provides a culture of academic excellence in a student-focused environment that includes quality education, service, research, and creativity. This is accomplished through broad access to comprehensive academic and co-curricular programs that develop students into leaders for a diverse and global society. The University of North Georgia is a University System of Georgia Leadership Institution and is The Military College of Georgia.

## Honor Code

It is the responsibility of all community members to promote, abide by, and enforce the Honor Code:

*On my honor, I will not lie, cheat, steal, plagiarize, evade the truth, conspire to deceive, or tolerate those who do.*

## Academic Policies

The individual student is responsible for being familiar with the academic regulations and procedures at the University of North Georgia as published in this handbook and in the university catalog. Each student is encouraged to read the regulations carefully and to seek interpretation from their academic advisor or from the Office of the Provost in the event that questions exist.

### Academic Advising

Academic Advising keeps you on track towards graduation by helping you determine the courses you need to fulfill the core curriculum, major, and graduation requirements. Advisors can help you choose a major, develop an educational plan, answer questions about UNG academic policies, and refer you to campus resources that will support your academic success. Campus Academic Advising Centers serve students in specific major programs, undecided students, and students who earn grade point averages below certain minimum standards.

For more information, please see [Academic Advising](#).

### Academic Rights and Responsibilities

1. In all academic matters, a student of the University of North Georgia has the right to be governed by reasonable and just regulations.
2. The student shall be free to take reasoned exception to data and views offered in the classroom and to reserve judgment about matters of opinion, without fear of penalty.
3. The student has the right to a course grade that represents the instructor's professional judgment of their performance in the course, and to protection from improper disclosure of information concerning their grades, views, beliefs, political associations, health, sexual orientation, or character, which an instructor acquires in the course of their professional relationship with the student.
4. The student shall have a right to accurately and clearly stated information, which would enable them to determine:
  - a. The general requirements for establishing and maintaining an acceptable academic standing.
  - b. Their own academic relationship with the university and any special conditions, which apply.
  - c. The graduation requirements for a particular curriculum and major.
5. The student is responsible for classroom behavior that is conducive to the teaching/learning process for all concerned and for meeting requirements of a course of study according to the standards of performance established by the faculty.
6. The faculty shall have final authority and responsibility for course content, classroom procedure, and grading.
7. No committee or judicial body established under this document shall have any power to change any individual grade, which represents the instructor's professional judgment of the student's performance in

the class. In view of this, it is incumbent upon the faculty member to keep each student informed of his/her progress or lack of progress in each course.

8. In the event that a specific complaint cannot be resolved through informal conferences with the faculty member involved, any student who believes that their academic rights as defined herein have been violated may seek redress. See [Student Complaint Policy](#).

### **Academic Standing Policy**

A student's academic status at UNG is determined at the end of each term of enrollment (fall, spring or summer) on the basis of the student's cumulative and/or term grade point average (GPA) and number of hours earned.

For more information, please see [Academic Standing Policy](#).

### **Class Attendance Policy**

The University of North Georgia expects students to attend all regularly scheduled classes for instruction and examination. When a student is compelled for any reason to be absent from class, the student should immediately convey the reason for the absence directly to the instructor. The student is responsible for all material presented in class and for all announcements and assignments.

For more information, please see [Class Attendance Policy](#).

### **Course Loads**

A normal load for a full-time student is 15-18 semester hours exclusive of military science.

For more information, please see [Course Load](#).

For more information, please see [Class Evaluations](#).

### **Final Examinations**

The final examination is a scheduled part of the class.

For more information, please see the course syllabus and [Final Exams](#).

### **Student Complaint Policy**

If unsuccessful, the student can file a formal complaint with the Dean of Students Office.

For more information about the types of complaints addressed through the Student Complaint Policy, please see [Student Complaint Policy](#).

When the button is pushed, a bright strobe light on the top of the call box is set off, helping police quickly locate the caller. If the caller is unable to speak or needs to seek safer shelter, there are indicators in place to let police dispatchers know which call box has been activated. University police officers will respond quickly any time a call box is activated, whether someone speaks into the speaker or not. Users may also use call boxes to report suspicious activity or any other concern that may warrant police attention.

### **Financial Aid**

The University of North Georgia's financial aid program is administered in conjunction with the nationally established policy and philosophy. The basis of this policy is the belief that, for students who are considered dependent for financial aid purposes, the parent(s) is/are the primary and responsible source for helping a student meet educational costs. Student financial aid is available only for meeting the difference between potential resources (such as parents' contribution, student earnings, outside awards) and expenses. The primary purpose of the University of North Georgia's financial aid program is to provide assistance to students who, without such aid, would be unable to attend the University.

Financial aid may include scholarships, grants, loans, and part-time employment. These types of assistance are extended either singularly or in combination depending on a student's academic record and the need for assistance (defined as the difference between the family's resources and the cost of attending college).

The Center is structured in three areas of engagement: Fraternity & Sorority Life, Student Involvement, and Student Leadership and Community Engagement. Additionally, Campus Recreation & Wellness offers a variety of engagement and wellness opportunities.

#### **Fraternity & Sorority Life**

The Office of Fraternity & Sorority Life is dedicated to the development of the fraternity and sorority community through close collaboration with the University community, International/National organizations, and community partners to provide educational programs, services, and resources for the our ever-growing, multi-campus fraternity and sorority community.

If you're looking for a way to meet tons of new people and have some fun, check out the fraternity and sorority recruitment process that takes place at the beginning of fall semester. Going through recruitment in no way requires you to join an organization, but offers you the opportunity to see what our sororities and fraternities have to offer. Members of fraternities and sororities at UNG pride themselves on being different. Take a closer look and see if this is what your college career is missing.

For more information, please see [Fraternity & Sorority Life](#).

#### **Student Leadership Programs and Community Engagement**

At the University of North Georgia, we are committed to helping each UNG student expand their capacity as a student and a leader. With a unique designation as a University System of Georgia State Leadership Institution, you will experience a culture of academic excellence in a student-focused environment committed to your engagement as a leader in the UNG community. Through UNG Student Leadership Programs, you will gain broad access to co-curricular leadership programs and community engagement initiatives that develop you into a leader for a diverse society. With experiences ranging from service-learning trips, resume-building workshops, and leadership conferences, UNG students have multiple pathways to actively develop their leadership awareness and skills. UNG students lead in student organizations, in the classroom, in the community, in their professional fields, and all around the world. Students are also leaders in their community. Through community engagement efforts such as making an impact by volunteering, connecting themselves to the community, becoming an active participant in educational experiences like Alternative Breaks students can foster a culture of community engagement that enriches their learning and address critical societal issues that contribute to the public good. You can find leadership programs and community engagement efforts representative on the Dahlonega, Gainesville, and Oconee campuses.

For more information, please see [Leadership Programs](#).

#### **Student Involvement**

The Center for Student Engagement & Leadership contributes to student success in college and beyond by providing a variety of supportive programs (cultural, educational, recreational, and social), promoting leadership among students, and supporting student organizations. We advocate for students and are here as a resource for our student population. Our lounge spaces foster an environment of belonging for all students. On each one of our

5 campuses, students will find activities, events, and student organizations tailored to the needs, identities, and interests of students on that campus.

For more information, please see [Center for Student Engagement & Leadership](#).

For a complete list of Student Organizations, please see [UNG Connect](#).

### Campus Recreation & Wellness

At the University of North Georgia, the Department of Campus Recreation & Wellness (CRW) is dedicated to enhancing the student experience by offering a wide range of inclusive and engaging programs that promote the eight dimensions of well-being. CRW provides all students with the opportunity to participate in a variety of recreational activities, including Intramural Sports, Outdoor Adventures, Sport Clubs, Group Exercise Classes, and Well-being Programming. The mission of Campus Recreation & Wellness is to support student well-being, engagement, and development through diverse and meaningful recreational and well-being experiences. Whether you're looking to stay active, meet new people, explore the outdoors, or simply take a break from academics, CRW is here to help you thrive during your time at UNG.
