GAINESVILLE

Maria Marquez, a first-generation college student and cybersecurity major, was one of 50 students in the country to complete all of the tasks in the NSA Codebreaker Challenge.

BERKELEY, CA

John Dees ’15 continued his education from UNG to a Master’s and PhD program at UC Berkeley, studying energy and resources.

DAHLONEGA

Chemistry Professor Aimee Tomlinson Ph.D. was recognized as one of “100 Inspiring Women in STEM” by INSIGHT Into Diversity magazine, 2015.

ORLANDO, FL

Lana Goitia ’20 scored an internship at Disney World, and another voting rights internship at the American Civil Liberties Union (ACLU) of Georgia.

BERKELEY, CA

John Dees ’15 continued his education from UNG to a Master’s and PhD program at UC Berkeley, studying energy and resources.

BRUNSWICK, GA

Professor Dr. David Patterson was awarded a National Geographic Society Exploration grant to study ancient environments and fossils.

PUERTO RICO

Students Joseph Froetschel, Suzy Steel and Lani Chastain helmed the world’s second-largest single-dish radio telescope at Arecibo Observatory in Puerto Rico.

GAINESVILLE

Maria Marquez, a first-generation college student and cybersecurity major, was one of 50 students in the country to complete all of the tasks in the NSA Codebreaker Challenge.
CHINA
Jamar Shumaker earned the Critical Language Scholarship to study and be immersed in Chinese culture for eight weeks.

JORDAN
Lauren Billet ’16 was the first UNG student to win a Boren Fellowship to study Arabic and Middle Eastern Culture in Amman.

GEORGIA
Dr. Donna Gassell spent a semester teaching conversational English to cadets at the David Aghmashenebeli National Defense Academy of Georgia.

MOROCCO
World traveler Anita Renfroe ’17 received scholarships to study abroad to Spain, Morocco, Oman, and Tanzania.

LEAD ANYWHERE AND EVERYWHERE.

Whether staying in the region or traveling the globe, UNG students and faculty gain life-defining experiences. Almost wherever you look, there’s a UNG leader there.
Where will you lead?

LEAD WHERE IT COUNTS

Maybe you envision yourself as the presenter at the front of the room. Maybe you’re the glue that holds a team together. Or maybe you don’t see yourself as a leader...yet.

Just you wait. UNG will help you develop the skills—and drive—to lead where it matters to you.
LEADING IN INVOLVEMENT

Ximena Luna’s resume is a notable one: Goizueta Scholar; McNair Scholar; Gilman Scholar; vice president of public relations in the Latino Student Association; member of the UNG Spanish Speaking Debate Team; Student Government Association representative; and she holds multiple on-campus jobs. Did we also mention she studied abroad in Spain?!

Her favorite part of her time at UNG is participating in clubs and organizations. She says “At UNG, I found a safe place where I feel like I belong, where I know my opinion matters and where I found people like me, who support me and help me become a better person every day.” With more than 300 clubs and organizations, you’re bound to find your niche at UNG!
LEADING IN SCHOLARSHIP

Meet Uriyah: a trendsetting kinesiology major from Bainbridge, Georgia.

She and two other students chartered UNG’s first historically black sorority, Sigma Gamma Rho. Her success didn’t stop there. That same semester, she was also awarded a Gilman Scholarship to study abroad in Spain for the summer. She then took it another step further and was declared a McNair Scholar. This program assists students in preparing for post-graduate studies.

Uriyah is leading where it counts by excelling academically and in student life.
LEADING IN CYBER

Cybersecurity is one of the fastest growing fields, and UNG is at the forefront. Dr. Bryson Payne, computer science professor and Director of the Center for Cyber Operations Education at UNG, recently led our team of cyberoperations students to a 1st place victory at the NSA Codebreaker Competition. They beat other prominent institutions, including Georgia Tech and Oregon State University.

“I’m proud to be the coach of the No. 1 cyber operations university team in America,” said Payne. And even though you may not be interested in cybersecurity, he is a prime example of what you can expect out of your faculty at UNG—invested in your individual success, and an expert in their field.
As the second woman ever to serve as commander for the Corps of Cadets, Cadet Col. Logan Scott is accustomed to leading. A senior Kinesiology major, she previously served as an officer for the Corps’ Leadership Development Program and earned a grade of outstanding at Advanced Camp that summer.

Logan may be ahead of the curve for her many achievements, but she embraces opportunities as they come: “The most important skill that I have learned within the Corps is to lead when it is your time to lead.”
Noah Bryant, a self-proclaimed introvert, used to shy away from the spotlight. But one push from his professors and friends catapulted him into leading UNG’s Student Government Association.

Now, he’s the go-to person on campus for all things club-related. And he’s breaking into new roles. As a peer tutor, he holds weekly study sessions for world history students who are having trouble grasping material from class.

It’s a passion he plans to develop into a career as a history professor.

IN PRESTIGE

One of only six senior military colleges in the United States
Designated as The Military College of Georgia®
Designated as a State Leadership Institution
A National Center of Academic Excellence in cyber defense
REACH YOUR POTENTIAL
Get ready to find your true passion.

**Build Leadership Skills**
- Earn leadership credentials—from a leadership minor to a military leadership certificate.
- Organize a dance marathon that raises $42,000 for Children’s Healthcare of Atlanta.
- Win the national softball championship or make the Elite Eight in tennis.
- Attend UNG’s L3 summit with student leaders across Georgia.
- Intern with the Congressional Hispanic Caucus Institute on Capitol Hill.
- Compete against other start-up businesses for the Georgia InVenture Prize.
- Win a summer research fellowship at Stanford or the Smithsonian-Harvard Center for Astrophysics.

**Join a Club**
From dance team to newspaper staff, explore more than 300 clubs across campus:
- Service groups
- Fraternities and sororities
- Academic honor societies
- Multicultural clubs
- And more

**Get in the Game**
Join the Blue Crew to cheer for UNG’s NCAA teams:
- Baseball
- Basketball
- Cross country
- Golf
- Mixed rifle
- Soccer
- Softball
- Tennis
- Track and field

Or take part in 35+ intramural and club sports—from flag football to inner tube water polo.

**Serve the World Around You**
- Volunteer at UNG’s mobile food pantry.
- Paint murals for public housing projects.
- Teach concussion-prevention workshops for kids’ sports teams.
- Serve 100,000 meals to at-risk children in low-income areas.
- Create a full ad campaign from billboards to TV spots—for PAWS Atlanta.
- Grow predatory beetles to control invasive insects threatening Georgia’s hemlock trees.
- Create a social media marketing plan for the Gainesville Theatre Alliance.
- Use a geospatial app to develop a park’s tree-management plan.
- Respond to a mock tornado emergency as part of your nursing career prep.

**Learn Beyond Lectures**
- Join a study on how drumming can decrease chronic pain.
- Conduct an archaeological dig in Sicily.
- Use ultrasounds to monitor fertility of box turtles for Zoo Atlanta.
- Publish your breast cancer research in the journal *Organic and Biomolecular Chemistry*.
- Restore a period-perfect historic garden using heirloom seeds.
- Compete for $100,000 in the USA Hackers Challenge.
- Make the finals of an international Spanish-language debate tournament.
- Win a scholarship to intern at the Max Planck Institute for Solar System Research in Germany.

**Get to Know the Area**
- Kick off your school year with UNG’s Starlight Celebration fireworks.
- Paddle a Dragon Boat on Lake Lanier.
- Go mountain climbing or camping.
- Attend Gold Rush Days, one of the South’s biggest fall festivals.
- Enjoy Revel on the River’s live music, food trucks and rope courses.
- Road trip to Atlanta for major league sports, museums, shopping, and more.
