

## Photo/Video Release Form

All photographers taking photographs or video on university property or of university events must obtain a signed release form from any student, faculty member, staff person, or member of the public who is visibly recognizable in the images. Crowd scenes where no single person is the dominant feature are exempt.

These rules govern photographs and/or videos intended for use in any university printed or digital publication of a marketing or public relations nature, such as newsletters, viewbooks, promotional items, or other such material. Releases also must be obtained for images used on the web. These rules are not in effect when photographs or video are taken of news events, but photographs or videos taken for news purposes require a release for reuse in marketing materials.
